Blondelle vacuum gauge Ø100, aluminium case

High-end vacuum gauge

- High accuracy vacuum gauge
- Absolute reading possible by adjusting the needle to the day's atmospheric pressure
- Ø 100, aluminium case
- Class 1, 'A Lame Acier'

- Fitting: 1/2" GAZ, 1/4" SAE or 1/8" NPT
- Dry
- Options: safety valve, needle indicator hand, 1/4" SAE female fitting

			Reference			Scales
Version	Outlet	Fitting	Case	Dial	Option	Pseudo-absolute
Dry	Vertical	1/2" GAZ	MA0107V12G			
		1/8" NPT	MA0107V18B			
		1/4" SAE	MA0107V14S			
				6095		0+1000 mbar
						Description of the options
					28	Safety valve
					01	Needle indicator
					45	1/4" SAE female fitting

How to read the tables?
The complete designation of a vacuum gauge comprises the reference of the casing, followed by the reference of the dial.
Ex: Pseudo-Absolute Vacuum gauge D100mm aluminium, dry, vertical outlet, 1/2"GAZ, 0+1000mbar, needle indicator: Case: MA0107V12G; Dial: 6095; Option: 01; Reference: MA0107V12G-6095-01
